Meeting called to order at 10 o'clock A.M. Moderator Pro. Tem. presiding. Warrant posting and certification of checklists were read, followed by reading of the articles of the warrant. The assembly then began work on Article one of the warrant which was to continue until seven o'clock when the polls would be closed and action on the budget and warrant articles would be considered. The polls were not closed until about seven fifteen as some voters were still waiting to cast their ballots. The results of the balloting were as follows:

With the acquisition of access to the industrial area, we have been able to begin publicizing the availability of the area and the N. H. Department of Resources and Economic Development published in January, 1964, a description of it with an aerial photo of the site. A substantial development in this area would mean a reduced tax bill for everyone and we hope that every resident will be alert for opportunities to interest suitable business organizations in the area. With the aid of the Industrial Park Authority, we are in a position to offer substantial inducements for building in this area. The Planning Board will be glad to explore any constructive ideas.

One of the most difficult problems facing the town is that of determining the best long range plan for development of the Sam Lake property and the utilization for this purpose of the accumulated income in the trust which now amounts to about $6,000.00. While Mr. Lake's will stated that the property should be used for "any purpose that the town may think wise," his intent was clear as he specifically mentioned a playground and park as well as utilizing a portion for a town garage and for storing town equipment.

A sound development plan must take into account the need for more space for the fire department and town equipment as the town grows and the disposition or utilization of the old Center School; it should consider the needs of the youngsters for a recreation area for skating, tennis, or "Little League" baseball and how such facilities can be supervised and maintained; it should study the wisdom of spending money to maintain the Sam Lake house in view of the small amount of rent received; it should incorporate in any plan some solution

to the parking problem at the Center which will become more severe in the future.

It is hoped that with the cooperation of the Selectmen, the Fire Department and the School Board a plan can be drawn for sound long-term development of the area which can be implemented over a period of years using the income from the Sam Lake trust and that such a plan can be presented at the 1965 town meeting. Pending the development and approval of such a plan, the Planning Board recommends that none of the Sam Lake funds be expended other than a maximum of $300 for grading and banking to permit skating during the winter of 1964-65.

ELKINS PUBLIC LIBRARY

Trustees' Report

The trustees of your library are pleased to report another year of increased and expanding library activity. These activities would not be possible without the many hours of volunteer help given by so many thoughtful townspeople to our varied programs. To all these kind people the trustees wish to convey their thanks and deep appreciation.

Through the help of the Friends of the Library the school program continues with Mrs. Frank Maxfield in charge of volunteer librarians for Thursday afternoons. Mrs. George Kopperl has been in charge of volunteer librarians for regular Tuesday evening hours. Senior and Junior Friends have helped with weeding old titles from the shelves to make room for new books, Cataloging of all books is under way. Mrs. Andrew Fowler continues as librarian in charge of all activities.

The trustees wish to thank the following people for their contributions of books, records and magazines: the Shakers for an album of records, "Shaker Heritage"; Dr. Bowen for money towards a book; the Canterbury Woman's Club for memorial books; the Ladies Benevolent Society for books to be used in the Adventures in Reading Program; Mrs. Malcolm Wilkins for books and magazines; Mrs. Wilbur Thompson for a girls' teen-age magazine subscription, "Ingenue"; Mrs. M. B. Spaulding for a book, "Wild Animals of North America"; Mrs. Marion Rudkin for new books worth more than $670.00.

This past summer the library trustees conducted a book fair in conjunction with the Church Bazaar. Weeded titles, unwanted new books, and contributions of used books were placed on sale on the library lawn netting

$81.13. Much of the success of this project was due to the many hours of help given to the trustees by Mrs. William Hopkins in pricing all these books. This money was placed in a special book fund. Contributions of paper backs and used books will be welcomed for next summer's book fair. Leave contributions at the library or contact Mrs. Fowler or the trustees.

National Library Week was observed with assistance of many people. Our program opened with a Saturday afternoon tea at which Dudley Laufman read some of his stories and poetry. Each evening during the week different persons were present at the library to display and discuss special crafts or do-it-yourself skills. Our thanks to Charles Dean, Clifton Parker, Malcolm Wilkins, Colin Heath, Wilbur Thompson, Richard Robinson, Ann Turner, Mildred Kopperl, Margaret Fifield, and Catherine Dickson for making this program possible. Our Library Week activities closed with a panel discussion on "Censorship of Books" by Arthur Mudge, Mrs. William Hopkins, Sabin Guertin, moderated by Mrs. John Malcolm.

Our regular library program continues with the library open to the public on Saturday afternoons, and Tuesday and Thursday evenings. The librarian, Mrs. Andrew Fowler, is present Saturdays and Thursday evenings to give particular help to students. The movie program continues to be held at the Parish House. These movies, furnished by the State Library are open to everyone.

This past year most of the book budget was used to purchased juvenile books through the cooperative book purchasing program of the State Library. The Library continued to participate as a member of one of the Shieling Trust groups and through this program has been able to display and loan many unusual and expensive books. Your library also receives several hundred

books on loan from the Bookmobile on each of its visits. Mrs. Marion Rudkin has given the library several hundred books for the adult section for which the trustees are very grateful.

As part of its expanding program, the trustees hope in the future to renovate the cellar of the library to provide more book storage space. This would involve some painting, repair work, more lights, heat, and shelving.

To help us keep our library growing in use and service to the community the trustees would like to remind you that gifts and bequests are always appreciated and put to good use. The greater part of our books are either donated or purchased with money from Trust Funds.

The trustees wish to thank Mrs. Andrew Fowler, our hard working librarian, for all her efforts to improve our library services. This past summer Mrs. Fowler again attended the librarians' summer school at the University of New Hampshire for which she received a scholarship from the New Hampshire Federation of Women's Clubs. She plans to complete this special program of studies this coming summer.

Your library continues to serve you to the best of its ability. All help and suggestions for more and better service will be welcomed by your librarian and trustees.

REPORT OF THE CANTERBURY VOLUNTEER FIRE DEPARTMENT, INC.

During the year your Fire Department responded to:

4 Chimney fires.
1 Bridge fire.
1 car fire.
7 out of Town calls for aid.
1 flooded oil burner.
1 furnace fire.
1 false alarm.
6 brush fires covering a total of 19¼ acres.

The installation of the new pump and reels on the International Fire Truck was completed and passed Underwriters Tests.

Through the vigilance and caution of our citizens and firemen we passed through the greatest forest fire threat in more than 60 years without a single fire. An achievement we may well all be proud of.

ROBERT V. LEE, Fire Chief,
Forest Fire Warden

CANTERBURY CIVIL DEFENSE

The year 1963 was spent training in the Rescue Squad and acquiring equipment for training and emergency use.

There was one Nation wide alert which was answered by Mrs. Hubbard on the "RED PHONE." This alert was to test the States, Cities, and Towns air raid warning telephone network systems. All that was required was acknowledgement of (CHECKERBOARD) when received.

The Dodge 4 x 4 was sold as it was felt that it was not economically practical. It is planned to use the money realized from this sale to purchase a more suitable vehicle. This vehicle will be used to transport rescue and protective equipment for the firemen and rescue men.

I hope this coming year will show more progress in the support of this project as it is quite necessary to the safety and protection of the town in a national or local emergency.

If you have questions concerning Civil Defense or how you can help, call me and I will try to come up with a solution.

LAWRENCE G. CARBONNEAU,
Director Civil Defense

BE IT RESOLVED AND RECORDED, that the voters of the Canterbury School District favor the immediate passage of legislation providing for some form of broad-based state tax and that the funds collected under such legislation be returned to the school districts or towns to be used exclusively in defraying the cost of education, and that

A COPY OF THIS RESOLUTION, be sent to Governor of the State, the President of the Senate, the Speaker of the House of Representatives and the Canterbury Representative in the General Court.

This was accepted UNANIMOUSLY.

CHARLES H. SMITH,

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the Members of the School Board,
Parents and Citizens:

My thirteenth and final report as your Superintendent gives the information and statistics, which through annual town reports, provides a cumulative educational history.

I wish to express my sincere appreciation to the Canterbury School Board members who have served the town and the children faithfully, energetically and conscientiously during my thirteen years as your superintendent. I shall remember Linwood A. Rogers, Charles Gilman, Paul N. Scripture, Walter Comee, George M. Grace, Lucille Keeler, Thomas Rudkin, Richard L. Stevens, Neal D. Andrew, and Douglas L. Ruesswick as friends and devoted Board members.

Some of the educational progress that will always be a tribute to the Canterbury people and their devotion to improving their schools include:

(1) Groups of citizens and the Parent-Teacher Association working together on a painting and redecorating project at the old Carter, Kezar, Uplands, Blanchard, and Center Schools.

(2) The vote to construct a new consolidated school and the personal gifts of Mr. and Mrs. Alexander Standish, Mr. and Mrs. Ralph Graham, Mr. and Mrs. Joseph Maier, Mr. and Mrs. Antos Nelson, the Parent-Teacher Association, the Harriet Spaulding Fund and the many hours of personal labor contributed by over one hundred twenty-five people to bring this dream to successful fruition.

(3) The letter of President Dwight D. Eisenhower praising the crusading spirit of a town that almost personally, built a school.

(4) The gradual removal of the old equipment and the supply of new furniture, excellent books and supplies to make a modern schol.

(5) The use of town and federal money through National Defense Education funds to give this school excellent science and visual aid equipment.

(6) The addition of a teaching consultant to help all teachers improve their work.

(7) The addition of an art teacher to improve the curriculum.

(8) The introduction of a school milk program.

(9) The building of a new partition, and an additional teacher to ease the teaching load and increase pupil instruction.

(10) The school bus purchase and operation at very low cost.

(11) The Freedom Award to the community for its school efforts, and good citizenship — which really epitomizes the spirit of Canterbury.

My special appreciation to the present School Board, the Principal and Teachers, the Parent-Teacher Association, the Bus Operators, the Custodian, the Parents, and all civic groups for their cooperation and assistance. Canterbury has been very fortunate in the excellent Principals and Teachers of the past thirteen years.

Cordially yours,

GORDON L. FOX,
Superintendent of Schools

REPORT OF THE SCHOOL BOARD

Your Board has been active in several areas this year.

Supervisory Union

Early in November, the State Board of Education decided to reorganize several Supervisory Unions effective July 1, 1964. This resulted in the assignment of Canterbury to the Penacook Union, No. 46; Tilton and Belmont to the Franklin Union with Gilford and Gilmanton going with Laconia. This reassignment does effect Canterbury in several ways. Most special services which have been secured through the Union must now be arranged locally. Thus, it has been necessary for us to include a school nurse, music teacher and bookkeeper in the budget.

In addition, we lose completely the services of our teacher consultant. Mr. Morton, our new Supt. has the assistance of one secretary and must serve eight towns. We must therefore expect more responsibility will rest on the board and the Principal. It is possible that in future years some of these services will be restored as a Union activity but until that time, we recommend the items as stated in the budget.

New Classroom and Painting

Donald Booth was employed to construct the new partition authorized at last year's meeting. This provides two classrooms in the basement of the school. As part of this job, the two classrooms were painted. In this year's budget we are requesting funds to repaint two more classrooms and the outside trim as needed.

Cooperative School Study

One of our most important activities has been to work with neighboring towns in conducting a preliminary co-

operative study. Salisbury, Boscawen, Penacook, Loudon, Chichester and Canterbury have been working diligently to determine what would be involved if a cooperative school district was to be developed. At the annual meeting on March 7, Article 9 will provide an opportunity for all townspeople to hear the **preliminary** report and then elect or appoint a **legal** committee of three to continue working with other towns in the area. Appointment or election of the committee **does not legally** accept the cooperative district but **does** make it possible for the idea to be brought to a future meeting in Canterbury for consideration by the voters of the school district.

During this preliminary study, your board has had the able assistance of many interested townspeople. To all of them we extend our sincere thanks and appreciation.

Superintendent Fox

For some thirteen years we have had Gordon Fox as our Supt. of Schools. On July 1 he will leave his position to enjoy a well deserved retirement. Many of our educational improvements have resulted from his counsel and guidance. As your board, we extend to Mr. and Mrs. Fox the town's heartfelt thanks and best wishes for a long and happy retirement plus an invitation to visit with us often.
